

TWO AMAZING REPORTS WITH EVERY INSPECTION

Inspection Insights helps when you're buying your home. Home Insights teaches you how to maintain your home after move in.

INSPECTION INSIGHTS

Our Inspection Insights report helps you when you're buying your home – what are the issues, why are they important, and how to resolve.

SYSTEM AND COMPONENT ASSESSMENT

Inspection Insights evaluates the condition of 125+ systems and components across a dozen major categories. We outline everything thoughtfully so you know exactly what the issues are. You can't always return to the property to see the issue for yourself – our report is the next best thing.

EASY TO UNDERSTAND GRAPHICS

We use colorful graphics to show you the status of systems and components. Our Graphical Summary is strategic – you and your real estate agent can quickly assess the status of the home and property and click-through to specific areas of interest.

SUMMARIES AND RATINGS

Our report also features a summary for the issues discovered by our inspector. Our Narrative Summary gives you a narrative snapshot and prioritizes issues.
